

**Little Oak Middle School
Clarification on Carline Instructions
11-3-17**

Regarding morning drop off, to ensure that the traffic flows smoothly and efficiently, all cars must follow the gravel road until 7:45 AM.

Regarding pick from after school club and team activities-If a club meeting or practice ends BEFORE Boyet's dismissal time, please drive directly into Little Oak's driveway instead of utilizing the gravel road. However, and this is extremely important, if at any point the line exceeds Little Oak's property, DO NOT stop on the road in the front of our school or in front of Boyet. This interferes with Boyet's bus and car traffic. If the line is backed up at all, Little Oak cars must utilize the gravel road so that Boyet's buses and cars may enter and exit freely in a timely manner.
